Study check 2026/2027 – Morbærhaven

Soon, we will send out study checks to the residents of Morbærhaven. You will receive your study check by email.
When you receive your study check, you have 14 days to fill it out and send it back. The exact deadline is stated in the form you receive.
You must complete and sign the form. If your educational institution also signs the form, you do not need to attach any additional documentation of your enrollment.
If the form is not signed by your educational institution, you must instead enclose a certificate of enrollment that is no more than 2 months old.
We reserve the right for you to be checked at least once a year.
Note: The study check does not include residents on an old contract.

Remember to send all necessary documentation

It is important that you fill out the form correctly and send all necessary documentation when you return your study check. A student card is not sufficient documentation for enrollment.
If there is any information or documentation missing, or if any of what you have submitted is unclear, we will contact you. We can only complete your study check when we have received the necessary information and documentation we need.

What happens when your study check has been processed?

Once we have processed your study check, you will receive a letter with our decision. You can get one of the following answers:

- **Approval:** Your study check has been approved, and you do not need to do anything more.
- **Approval with delay:** You have changed studies or are delayed in relation to the prescribed period of study.
- **Approval until 1 October:** You must start a higher education program and must send documentation of your enrollment before 1 October 2027.
- **Termination:** You are no longer eligible to live in Morbærhaven. For example, it may be because you are no longer a student, have exceeded the permitted delay or are completing your studies during the period covered by the study check.

The approval is valid on the condition that you follow the course of study that you have specified. The approval is valid for the current academic year.

What requirements do you need to meet to live in Morbærhaven?

In order to live in Morbærhaven, you must generally meet the following requirements:

- You must be a full-time student on an SU-eligible program or similar.
- Your degree program must follow an upward trend, for example from bachelor to master's degree.
- As a general rule, you may be delayed with your studies for up to one year as long as you are still enrolled in a degree program.
- In the event of documented illness or maternity/paternity leave, you can apply for an additional one-year exemption if you are still enrolled in a program.
- A maximum of dispensation can be granted for a six-month delay between two programs, provided that the program continues to be upwards.
- If you change education, it will be considered a delay and calculated from your move-in date to the start of a new study. Here, max. 1 year can be given.
- If you change education, the period between your move-in date and the start of your new programme will count as a delay. This can be granted for up to 1 year.

Can you stay after graduation?

When you complete your education, you can apply to stay in Morbærhaven for up to one year after completing your studies if you are either registered with an unemployment insurance fund or are working.

You must meet the conditions and be able to document whether you are either registered with an unemployment insurance fund or are working. Documentation must be submitted as a diploma certificate as well as documentation of salary income/unemployment benefits. Application for this must be made and approved by Linda at the office (lib@fa09.dk).

Do you have any questions?

All study checks are assessed individually based on the individual resident's situation. Therefore, you cannot necessarily compare your study check with other residents' or expect to get the same answer.

Remember to meet the deadline and send all necessary information and documents so that we can process your study check.

If you have any questions, please feel free to contact us by email fa09@fa09.dk.
